A few clinical studies have suggested that acupuncture may help individuals suffering from erectile dysfunction (ED).

Before him, he had succeeded in establishing the field of modern languages and literatures in this country.

The energy for that walk cost a paltry six cents, but the pace of 1.1 mph was very slow by human standards.

Too desperate to be considered the best metal drummer of all time rather than being a drummer in Metallica.

Today he is forced to regret that he stood up for his daughter.

The “bottom” is usually at greater risk of getting aids from a “top” than a top would be from a bottom.
